

Who We Are

Dedicated Credit Repair is a family owned credit remediation company that has been in operation for over a decade.

CEO & Founder Tiffany Cross created DCR's programs out of a desire to help consumers recover from the financial stress and confusion that comes about when a consumer is struggling through credit challenges. DCR's mission is to help consumers restore their credit integrity by using legal, ethical, and affordable strategies that work quickly. Our founder knows first hand the struggle that consumers face when life events such as loss of job, illness, divorce and many other diverse circumstances happen that are out of one's control. Her faith, coupled with personal experience serve as a catalyst to constantly be improving our programs and technology to accomplish incredible results in the shortest amount of time. Since day one, our company has been registered with the Department of Justice and follows strict adherence to State and Federal laws.

“Restoring Your Credit Integrity Is Our #1 Priority!”

How It Works

1 Get Your Credit Report

Receive your credit report from one of our recommended vendors.

2 Send Credit Report Password

In order to stay compliant with the Department of Justice, a consumer must obtain a copy of their own report. Once you have obtained a copy, please submit your login information, including the last 4 digits of your social security number.

3 Schedule A Consultation

A consumer's credit profile is as unique as a finger print. Therefore, it is imperative that each client receives a free consultation in order to determine eligibility into our program.

4 Select A Program

We offer different program options to suit each individual's needs. Contact us for program details!

EZ PAY MONTHLY Program

Campaign Creation
Enrollment Consultation **\$299.00**

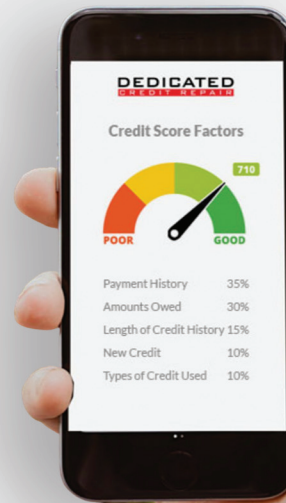

\$250 to add co-applicant
\$109.00/mo. per person

Our EZ PAY Credit Remediation Program is incredible! During this program, we aggressively dispute all unverifiable or erroneous accounts with Trans Union, Experian, and Equifax. We strategically design an individualized credit dispute campaign using ethical and effective disputing methods. Our Dept of Justice registration requires that we NEVER over promise or illegally guarantee FICO Score predictions. Therefore, in order to keep our program completely transparent, our clients can log on to their secured website portal and track their real-time results monthly as they pay for their program monthly in arrears. This program is a pay-as-you-go program that allows consumers to experience a results driven program. Our analysts will review your credit bureau results monthly in order to provide ongoing coaching all the while updating dispute methods and credit correction strategies in order to help consumers see timely results.

"I am so grateful for DCR for helping me repair my credit..."

Now I can finally make my dream come true and buy a home for my kids and without them this wouldn't be possible! The best decision ever the staff is great Ashley is always super sweet and Tiffany is by far the best help ever! Thank you soooo much for all your help! My family and friend are definitely getting referred!"

COLLECTION RESOLUTION COACHING

\$99.00

This Collection Resolution Coaching upgrade is for individuals who have open and unsettled collections in addition to "typical credit repair issues". This effective settlement tool will provide our clients with the education on how to negotiate settlements with collection companies as well as provide them with the information necessary to determine an effective priority plan. This program enhancement will help a client discern priority level of collection settlement by considering factors such as the date of last activity as well as whether or not the collection company will delete a negative tradeline with payment. This collection settlement program will provide the tools to help you navigate through the settlement process in a way that will create a faster credit repair result. For optimum results, a client will want to enroll into our EZ PAY program to participate in our month to month credit repair program and THEN opt to Enhance their credit repair performance by purchasing this effective collection resolution tool.

*Dedicated Credit Repair does not settle collections.
